YES ON NY PROP 1

Protect Abortion and Our Freedoms

Protect abortion and our freedoms! Learn more at YesOnProp1NY.org

All New Yorkers deserve the freedom to control our own lives, futures, and healthcare decisions, including our right to abortion.

No New Yorker should be discriminated against or taken advantage of by those in power. Prop 1 is a constitutional amendment that puts the power in the hands of New Yorkers, not politicians.

Many of us took it for granted that our reproductive freedom would always be protected. When Roe v. Wade fell, we were shocked, and we realized our rights aren't as safe as we thought. Since then, reproductive rights like abortion, contraception, and IVF have been under attack across the country.

That's why we need to pass Prop 1: to make sure our reproductive rights — including abortion — are permanently protected here in New York, so we can never be caught off guard again. Prop 1 cements these rights so they cannot be rolled back by out-of-touch politicians in the future.

And Prop 1 doesn't stop there: it also closes loopholes in the state constitution to make sure that no New Yorker can be discriminated against by the government. This amendment is about protecting the rights we currently have, including the right to abortion, and not leaving them up to out-of-touch politicians.

Currently, New York's Constitution prohibits discrimination in a very limited way, only based on race and religion. Prop 1 changes that to protect all New Yorkers from government discrimination by making it clear that no one should be taken advantage of because of their gender, age, ethnicity, pregnancy status, disability status, or if they are LGBT.

For example, Prop 1 will:

- Cement New Yorkers' right to abortion in our state constitution.
- Make sure the government cannot discriminate against older New Yorkers or pregnant New Yorkers, or LGBTQ New Yorkers when it comes to hiring, promotions, and pay.
- Ensure that older New Yorkers and those with disabilities have the access they need to vote.
- Protect access to reproductive healthcare, including abortion, birth control, and IVF, by making sure that politicians can't pass abortion bans or restrict reproductive health care options.

NOV 5

This November, flip your ballot over and vote YES on Prop 1 to protect our rights and reproductive freedoms!
