

# A NEW THREAT TO MEDICAID EQUITY

## Medicaid Equity Town Hall

A new Presidential administration and Congress are threatening the healthcare of over seven million New Yorkers. We need a long-term solution to fund Medicaid and support the patients and institutions who rely on this critical program for healthcare.

Be a part of the conversation and share input on a solution to achieve health equity and fight for the future we deserve!

Free pantry bag for the first 50 people registered and attending. Dinner will be served.
