

MEDICAID IN CENTRAL NEW YORK

Included Counties: Cayuga, Cortland, Madison, Onondaga, Oswego

- Medicaid pays hospitals and nursing homes less than the actual cost of the care they deliver
- This puts severe financial strain on institutions that serve vulnerable, low-income patients
- Fully funding New York's Medicaid program will help stabilize safety net hospitals and reduce healthcare disparities
- 100% of New York's recently adopted Managed Care Organization (MCO) tax must go to healthcare, especially considering the looming federal threat to Medicare and Medicaid funding

Healthcare • Education • Action!

A map of the United States with various states colored in different shades. A central region, encompassing parts of the Great Plains and the Midwest, is highlighted with an orange border. Within this orange region, a specific area is outlined with a dashed black line, indicating the study area. The map includes labels for major cities like New York, Chicago, and San Francisco, and state names like California, Texas, and New York.

Note: children's hospitals located in the main hospital campus are not shown.
